Additional information, rules, and procedures/guidelines

- The Massena Figure Skating Club has a **NO EARBUDS** policy. Do not bring them to the rink. Please see our website for rules and regulations of this policy.
- Please do not leave your skater at the arena unattended. The Massena Figure Skating Club nor the Massena Arena are responsible for the safety and behavior of your skater(s). If you must leave the building, please make sure someone knows and has agreed to look out for your skater(s) and has a phone number to be able to reach you.
- While levels are divided as we are used to seeing them, we would like to use every spot available rather than turn a skater away. We may reach out to people in a 1 level up/down as we see where the needs are, please be flexible if you can as we try to accommodate everyone this year 😊
- The Freeskate 1 being on both the Badge Session and Low Session is not a mistake. We understand that some skaters fresh out of Pre-Freeskate may be overwhelmed by a 4 day package and wanted to give them the opportunity to remain on the ice and experience an open session and private instruction, while others may have been on a junior session all year and are used to skating that many days a week.
- Parents may need to sign up to play music to avoid skaters clustered around the CD player. ** There are 2 heaters in the music box.
- MFSC Spring School Members agree that Massena Figure Skating club, Massena Arena, the town and village of Massena and the Massena Recreation Committee are neither responsible nor liable for injuries or loss of property which might occur during Spring Session activities. In consideration of Massena Spring Skating Package membership, the applicant waives any claim or cause of action and assumes all risk of personal injury and/or loss of property. In addition, the applicant agrees to abide by the bylaws and rules of the club which can be found at www.massanafsc.org
- During our Learn to Skate session this year the MFSC will provide a coach for 15 min group lessons. Skaters will be grouped together with similar skilled Learn to Skate Skaters. This will allow for the continued advancement of our skaters and our program!
